SUBJECT: Notice of Research/White Paper Work
Key Considerations and Lessons Learned From Prior Audits of FHA Partial Claims

The purpose of this memorandum is to notify you that we are researching prior audits of HUD's partial claims loss mitigation option to provide HUD information regarding lessons learned and risks identified in these prior audits that HUD should act on now to ensure program integrity and mitigate the risk of financial loss for COVID-19 related partial claims.

To conduct our research, we will review prior audit reports, management decisions in ARCATS, the CARES Act and related guidance, and data from the Single Family Data Warehouse. We will prepare a memorandum/white paper pertaining to risk awareness and lessons learned from prior audits of FHA partial claims. We are not requesting any additional information at this time.
